Dear Esteemed **Shareholders**,

I am pleased to present to you the 32nd Annual Report for the fiscal year 2023-24. Finally, your company's shares got listed on 29th September 2023 and long-expected trading started to help the minority shareholders.

The good news is that after a gap of 10 years, your company again started importing methanol at Calcutta port, thus saving huge transportation costs from Kandla and Vizag. I am pleased to inform you that we have entered into a technical collaboration agreement with a 70-year-old, speciality chemical company in USA - Willamette Valley Corporation (WVCO). It will strength up in our price to cater to Plywood industry. We have also entered into an MoU with Haldia Petrochemicals Limited for yearly off-take of 1,00,000 MTPA of Phenol from their upcoming phenol project of 3,00,000 MTPA in 2026. This will be an export-oriented project based at Haldia, thus making your company the largest Phenolic Resin manufacturer not only in India, but among top 10 in the World.

For speciality chemicals, company like yours - R&D is the backbone. Luckily, this year we have successfully re-reinforced our R&D with an excellent new team. Already, we have developed a few products in the construction industry and coatings and paints. We have already got institutional approvals and expecting very bright prospects.

Keeping pace with the growing ESG awareness and commitment your Company is very seriously working on this front. The company's efforts on sustainability, safety and CSR are becoming stronger. Zero-liquid discharge project is very much in offing, thus solving pollution challenges in long-term basis.

Your company is spreading its wings successfully beyond traditional plywood industry to feed, abrasives, automotive components, construction chemicals, refractories, foundry industry, paints and agro chemicals.

Last year there was a little dip in exports due to political situations in Europe, Africa and Middle east. Luckily, we have overcome all the challenges and hope to do better than earlier.

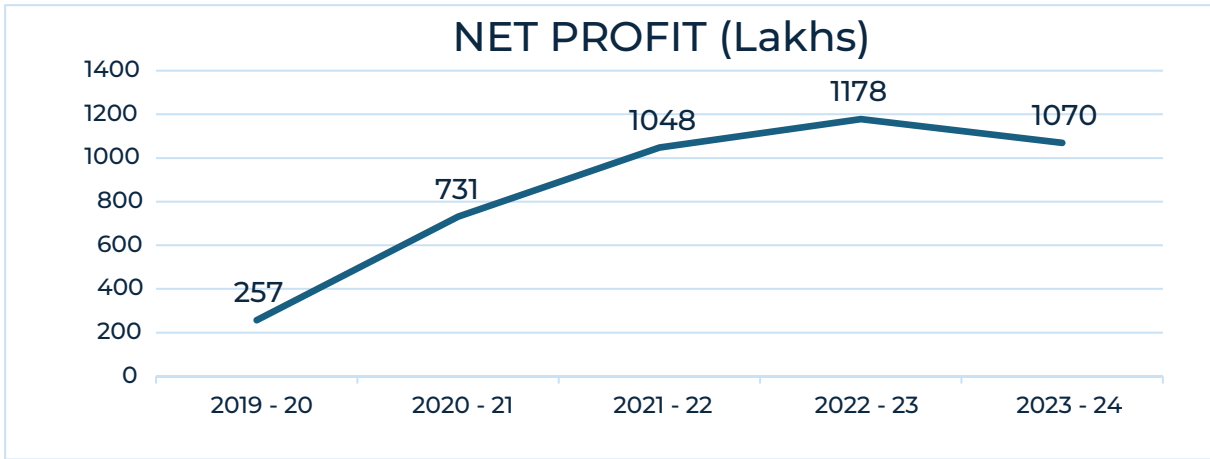

Lastly, I would like to thank our shareholders, investors, lenders, suppliers, customers, board members, as well as employees and other stakeholders for their continued support and patronage of their company. The future looks bright for all of us and together we will embark on a journey of continued growth and value-creation.

Mr. Suraj Ratan Mundhra

ANNEXURE TO DIRECTORS’ REPORT**MANAGEMENT DISCUSSION AND ANALYSIS****1. FINANCIAL STATEMENTS**

Financial Statements are in compliance with the provisions of the Companies Act, 2013 and the Accounting Standards issued by ICAI. Readers are cautioned that this discussion may include “forward-looking statements” that are not historical in nature. Forward looking statements may include statements relating to future results, financial condition, business prospects, plans and objectives. Statements are based on current beliefs, assumptions, expectations, estimates and projections on the business segment in which your company operates. The statements do not guarantee positive performance, exposed to known and unknown uncertainties, many of which are beyond the control of your Company. Uncertainty could cause results to differ from forward-looking statements, which should not be construed as representation of future performance.

2. MACRO-ECONOMIC OVERVIEW

The Indian chemical industry plays a pivotal role in contributing to the economy of the country, accounting for approximately 7 per cent of GDP and is expected to reach USD304 billion by 2025, up from USD178 billion in 2021. The industry continues to remain an attractive hub for opportunities for both domestic and multinational manufacturers.

Specialty chemicals segment comprises a significant portion of India’s chemical industry. With rising demand for value-added products by both domestic consumption and exports, the industry has experienced a significant increase from end-user segments such as the food industry, automobile industry, real estate, clothes and cosmetics, among other industries. Additionally, the Indian specialty chemicals industry is also expected to outpace China, Japan and the rest of the world. From a trading perspective, specialty chemicals account for a significant share of more than 50 per cent of chemical exports.

However, prevailing factors also spurred demand for a few specialty chemical sub-segments because these were identified, as necessary. Consumer demand, for instance, increased for products related to hygiene. The lockdown period also led to supply chain disruptions, which forced manufacturers to de-risk their supply chains and shift their reliance away from crucial manufacturers located in China and toward alternative countries like India.

Moreover, stringent pollution control regulations and high labour costs, along with ‘China plus one’ strategy are expected to encourage manufacturers from China and other developed nations to move their manufacturing capabilities to India. Additionally, India’s strong process engineering capabilities, low-cost manufacturing capabilities and abundant manpower are leading to an array of opportunities for imports and exports of specialty chemicals.

Likewise, government initiatives, such as the Petroleum, chemicals and petrochemicals investment region (PCPIR) policy and production linked incentive (PLI) schemes, are providing reassurance to further develop the potential for domestic manufacturing and specialty chemicals, which are anticipated to benefit from this momentum. While India aims to emerge as a manufacturing hub for the world, there are likely to be a few challenges in the near term. Therefore, the country should also focus on aspects such as research and development, capital investment, acquisitions, economies of scale, and most importantly, expanding domestic demand to sustain the rising growth of the industry.

3. OPPORTUNITIES

- A. **Emerging Markets and Global Expansion:** Emerging economies, particularly in Asia-Pacific and Latin America, offer significant growth opportunities for specialty chemical companies. Rapid urbanization, industrialization, and infrastructure development in these regions drive demand for specialty chemicals in construction, automotive, and consumer goods industries.
- B. **Cross-Industry Collaborations and Partnerships:** Collaborations between specialty chemical companies and other industries, such as healthcare, agriculture, and automotive, can lead to innovative product development and market expansion. By leveraging synergies and expertise across different sectors, companies can unlock new growth opportunities and create value for stakeholders.
- C. **Growing Demand for Customization:** Specialty chemicals offer unique properties and functionalities tailored to specific applications. With increasing demand for customized solutions in industries such as pharmaceuticals, agriculture, and electronics, there is a significant opportunity for specialty chemical manufacturers to meet these diverse needs.

4. THREATS

- A. **Regulatory Compliance and Environmental Concerns:**
 - Stringent regulatory requirements and environmental standards pose challenges for chemical manufacturers in India. Compliance with regulations related to pollution control, waste management, and occupational health and safety can significantly increase operational costs and regulatory burdens.

B. Global Competition:

- The chemical industry in India faces stiff competition from global players, particularly from countries with lower production costs and more favorable regulatory environments. Import competition, especially for commodity chemicals, can exert pressure on domestic manufacturers, leading to pricing pressures and margin erosion.

C. Volatility in Raw Material Prices:

- Fluctuations in the prices of raw materials, such as crude oil, natural gas, and petrochemicals, can impact the cost structure of chemical manufacturing in India. Price volatility makes it challenging for companies to forecast costs accurately and maintain profitability.

D. Supply Chain Disruptions:

- Disruptions in the global supply chain, such as transportation bottlenecks, logistics challenges, and geopolitical risks, can disrupt the flow of raw materials, intermediates, and finished products. Supply chain disruptions can lead to production delays, inventory shortages, and increased costs for chemical manufacturers.

5. FUTURE OUTLOOK

Your Company is pleased to share a positive outlook as it navigates and excels in the dynamic landscape of the chemical industry. We are delighted to highlight some significant achievements and growth prospects that shape our company's promising future.

First and foremost, Your Company has experienced impressive revenue growth, achieving an approximate 20% increase. This notable achievement reflects the company's unwavering dedication to excellence, innovation, and customer satisfaction, further underscoring its resilience and adaptability to market demands.

Furthermore, it is with great excitement that we announce Your Company's successful venture into new formaldehyde markets. By expanding its global reach and diversifying its customer base, the company is bolstering its competitiveness and unlocking new avenues for growth. This strategic expansion aligns seamlessly with our overarching goal of establishing ARCL Organics Ltd as a global leader in the chemical industry.

In line with strategic growth initiatives, Your Company has made substantial investments in capital expenditure (CAPEX), amounting to over 50 Crores in the past three years. These strategic investments have fortified the company's production

capabilities, enhanced operational efficiency, and positioned it to effectively meet burgeoning market demand. Our state-of-the-art facilities and infrastructure lay a solid foundation for sustainable growth and value creation.

Looking ahead, Your Company is confident that it is poised for exponential growth. With all its plants operating at full capacity, the company is exceptionally positioned to capitalize on emerging opportunities and drive top-line growth. Its steadfast commitment to quality, innovation, and customer satisfaction remains unwavering and continues to be the cornerstone of its success.

As Your Company embarks on this exciting journey of growth and expansion, it extends sincere appreciation to each member of its team for their dedication, hard work, and steadfast commitment to excellence. Together, the team will harness collective strengths, seize opportunities, and chart a course towards a prosperous future for ARCL Organics Ltd.

6. INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Internal control system adopted aimed at promoting operational efficiencies and emphasizing adherence to the policies adopted by the Board of Directors.

7. CAUTIONARY STATEMENT

PRACTICING COMPANY SECRETARIES' CERTIFICATE ON CORPORATE GOVERNANCE
CORPORATE GOVERNANCE COMPLIANCE CERTIFICATE

To
The members
ARCL Organics Limited
Rampur, P.S. Maheshtala,
Parganas South, Kolkata-700141

I have examined the compliance of conditions of Corporate Governance by ARCL Organics Limited ("the Company") for the year ended on March 31, 2024, as stipulated in Regulations 17 to 27 and clauses (b) to (i) and (t) of sub-regulation (2) of Regulation 46 and Para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ["Listing Regulations"]

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me, and representations made by the management, I certify that the Company, to the extent applicable, has complied with the conditions of Corporate Governance as stipulated in Regulations 17 to 27, clauses (b) to (i) and (t) of sub-regulation (2) of Regulation 46 and Para C, D and E of Schedule V of Listing Regulations.

I further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
ARCL ORGANICS LIMITED
Report on the Audit of the Standalone Financial Statements**

Opinion

1. We have audited the accompanying standalone financial statements of **ARCL Organics Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows, the Statement of Changes in Equity and notes to the financial statements for the year ended on that date including a summary of material accounting policies and other explanatory information (herein after referred to as "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, its profit (including Other Comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

3. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis; Board's Report including Annexures to Board Report, Corporate Governance and Shareholders' Information but does not include the standalone financial statements and our auditor's report thereon. The aforesaid documents are expected to be made available to us after the date of this auditor's report.
4. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.
5. In connection with our audit of the standalone financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.
6. When we read the aforesaid documents, if we conclude that there is a material misstatement therein, we are required to communicate the matters to those charged with governance.

Management's Responsibility for the Standalone Financial Statements

7. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other

irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
15. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

Report on Other Legal and Regulatory Requirements

16. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure-A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
17. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 35 of the standalone financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

- c. There were no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.
- d. (i) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (ii) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The Company has neither proposed any dividend in the Previous year or in the current year nor paid any interim dividend during the year.
- f. Based on our examination which included test checks, the company has used accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

- (viii) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) (a) According to the information and explanations given to us and the records of the Company examined by us, the Company has not defaulted in repayment of loans or in the payment of interest to lenders during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the information and explanations given to us the Company has applied the term loans for the purpose for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) According to the information and explanation given to us, the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, hence reporting under this clause is not applicable.
- (f) According to the information and explanation given to us the company has not raised loans during the year on the pledge of securities held in its subsidiaries, hence reporting under this clause is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under this clause is not applicable.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under this clause is not applicable.
- (xi) (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.
- (b) No report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) According to the information and explanations given to us and the records of the Company examined by us, the Company has not received any complaints from any whistle-blower during the year (and up to the date of this report) and hence reporting under this clause is not applicable.
- (xii) The Company is not a Nidhi Company and hence reporting under this clause is not applicable.

- (xiii) According to the information and explanations given to us and the records of the Company examined by us, the Company has complied with the requirements of sections 177 and 188 of the Act with respect to its transactions with the related parties. Pursuant to the requirement of the applicable Accounting Standard, details of the related party transactions have been disclosed in Note 29(b) of the standalone financial statements for the year under audit.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures
- (xv) In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3 (xvi)(a) & (b) is not applicable.
- (b)
- (c) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and hence reporting under this clause is not applicable.
- (xvii) The Company has not incurred cash losses during the current and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) (a) & (b) According to information and explanation given to us and records of the Company examined by us, there is no fund lying unspent, hence reporting under clause 3(XX)(a) & (b) is not applicable.
- (xxi) According to the explanation and information given to us, and based on reports of components auditor, there has been no qualification or adverse report in CARO 2020 in any subsidiaries.

**ANNEXURE- B TO THE INDEPENDENT AUDITOR'S REPORT
To the Members of ARCL ORGANICS LIMITED**

[Referred to in paragraph 17 (f) of the Independent Auditor's Report of even date]

Report on the Internal Financial Control under Clause (i) of Sub-sections 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of **ARCL ORGANICS LIMITED** ("the Company") as of 31st March, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Control

2. The Company's management is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the "Guidance Note" and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material Weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedure selected depends on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Control over Financial Reporting

6. A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:
 - 1) pertain to the maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - 2) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the Company are being made only in accordance with authorization of management and directors of company; and

- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Control over Financial Reporting

7. Because of inherent limitation of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respect, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the company considering, the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting, issued by ICAI.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

Note 1 Corporate Information, Significant Accounting Policies and Significant Accounting Judgements, Estimates and Assumptions

A. Corporate information

ARCL Organics Ltd was incorporated on 8th September 1992. It is a public limited company having its registered office at Rampur, Budge Budge Trunk Road, Kolkata- 700141, West Bengal. The Company is engaged in the business of manufacturing and selling of chemical-based products, Resins, Additives, Hardeners, and specialized One-Shot Resins. Over the years, ARCL has broadened its product range and is having an integrated & computerized fully automated petrochemical complex. The Company caters to both the domestic and export market.

Today along with a wide range of Resins & Additives, Hardeners, and specialized One-Shot Resins, ARCL has the expertise to offer tailor-made solutions as per its client's requirements.

B. Material accounting policies

1. Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standard (Ind AS), as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the act.

The financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair value by Ind AS. Fair Value is the price that would be received to sell an asset or paid to transfer of liabilities in an orderly transaction between market participants at the measurement date.

Accounting policies are consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use.

The Ind AS financial statements are presented in INR which is the Company's functional and presentation currency and all values are rounded to the nearest lakhs, except when otherwise indicated. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2. Use of estimates

The preparation of the Financial Statements in conformity with IND AS requires the management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amount of Assets and Liabilities and disclosure of contingent liabilities on the date of the Financial Statements and reported amounts of revenues and expenses for the year.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of investments, useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities and fair value measurement of financial instruments have been discussed below. Key source of estimation of uncertainty in respect of revenue recognition and employee benefits have been discussed in their respective policies.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each year.

3. Current and Non-current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

4. Property, Plant and Equipment (PPE)

Property, plant and equipment are carried at the cost of acquisition or construction less accumulated depreciation. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management.

Freehold land is carried at its historical cost. Historical cost includes expenditure that is directly attributable to the acquisition of items.

Any subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are recognized in profit or loss as incurred.

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the assets ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the assets is ready for its intended use.

5. Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. The assets residual values, useful life and method of depreciation are reviewed and adjusted if appropriate, at the end of each reporting period.

6. Impairment of Non-Financial Assets

The management periodically assesses using external and internal sources, whether there is an indication that both tangible and intangible asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. An impairment loss for an asset is reversed if,

and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized.

7. Investment in subsidiaries, associates and joint ventures

Investments in subsidiaries are accounted at cost in the financial statements.

8. Cash and Bank Balances

Cash and bank balances consist of:

(i) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprises of cash in hand and at bank, bank deposits and also short term deposits with an original maturity of three months or less, which is subject to an insignificant risk of change in value. These balances with banks are unrestricted for withdrawal and usage.

(ii) Other bank balances

These include balances and deposits with banks that are restricted for withdrawal and usage.

9. Inventories

Inventories are valued at cost or net realizable value, whichever is lower. Cost of inventories includes all the cost that are incurred in bringing the inventories to their present condition and location. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated cost necessary to make the sale.

10. Financial Instruments

Financial Asset Initial Recognition

Financial assets and financial liabilities are recognized in the company's statement of financial position when the company becomes a party to the contractual provisions of the instrument. The company determines the classification of its financial assets and liabilities at initial recognition.

Subsequent Measurement

The Subsequent measurement of financial assets depends on their classification which is as follows:

Financial Asset at Fair value through Profit or Loss

Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.

Financial Asset measured at Amortized Cost

Loans, receivables and cash are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Individual trade receivables are written off when management deems them not to be collectible.

Financial Asset at Fair value through OCI

All equity investments, except investments in subsidiaries falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). If the company decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

Financial Asset Derecognition

The company derecognizes a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the

asset. Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes of that equity instrument is transferred from OCI to Retained Earnings.

Financial Liabilities – Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost, loans and borrowings, or as payables, as appropriate.

Subsequent Measurement

The Subsequent measurement of financial liabilities depends on their classification which is as follows:

Interest bearing borrowings, trade payables and other payables issued by the company are subsequently measured at amortized cost.

Measurement of Fair Values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

Trade Payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. These amounts are secured and unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. Also, the segregation has been made for the micro, small and medium enterprises creditors.

11. Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

Fair Values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or liability, the company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different level of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

12. Borrowings

Borrowings are recognized at fair value. They are classified as current liabilities unless the company has the right to defer the settlement of the liability for at least 12 months after the reporting period. Borrowings are removed from the balance sheet when the obligations is discharged, cancelled or expired.

13. Provisions and Contingent Liabilities

The Company recognizes a provision when there is a present obligation as a result of past event that probably requires an out flow of resources and a reliable estimate can be made of the amount of obligation. A disclosure for a Contingent Liability is made when there is a possible obligation from a past event but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company

14. Revenue Recognition

In accordance with Ind AS 115 “Revenue from Contracts with customers”, Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

(i) Sale of Goods

Revenue from the sale of goods is recognized when the Company satisfies the performance obligation in accordance with the provisions of contract with customer. This is achieved when control of the product has been transferred to the customer, which is generally determined when title, ownership, risk of obsolesce and loss pass to the customer and Company has present right to payment. The Company collects goods and services tax (GST) on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

(ii) Interest Income

Interest Income is recognized based on time proportion basis considering the amount outstanding and the rate applicable. Interest Income is included in the Other Income in the statement of Profit and Loss.

15. Income Tax

(i) Current Income Tax

Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

(ii) Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amount for the financial reporting purposes at the reporting date. Deferred Tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized. Current and deferred tax is recognized in the statement of Profit and Loss, except to the extent that it relates to the items recognized in the other comprehensive income or directly in equity.

16. Employee benefits

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees services upto the end of reporting and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Long term obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured at the present value of expected future payments to be made in respect of services made by employees upto the end of the reporting period. The benefits are discounted using the government securities at the end of reporting period.

(iii) Post employment obligations - Gratuity

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The present value of the obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have the term approximating to the terms of the related obligations.

17. Earnings per Share

Basic earnings per share are computed by dividing the profit for the year attributable to the equity shareholders for the year by the weighted average number of shares outstanding during the year.

18. Cash Flow

The investing and financing activities in cash flow statement do not have a direct impact on current cash flows although they do affect the capital and asset structure of an entity. The company has disclosed these transactions, to the extent, material in notes to cash flow statement.

19. Segment Reporting

The Company has identified that its operating activity is a single primary business segment. Accordingly, whole of India has been considered as one geographical segment. Hence, segment reporting is not applicable.

20. Foreign Currencies

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates (i.e. INR) at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Foreign exchange gains and losses resulting from the settlement of transactions in foreign currencies and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in Statement of Profit and Loss.

21. Research and Development

Research and Development expenditures of revenue nature are charged to Profit & Loss Account, while capital expenditure is added to the cost of fixed assets in the year in which these are incurred.

22. Lease

a. Where the Company is the lessee

The company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate.

Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

Fixed payments, including in-substance fixed payments;

Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

Amounts expected to be payable under a residual value guarantee; and
The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

Short-term leases and leases of low-value assets

The company has elected not to recognise right-of-use assets and lease liabilities for short-term leases of real estate properties that have a lease term of 12 months. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

b. Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of Profit & Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of Profit & Loss.

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease. Initial direct costs relating to assets given on finance leases are charged to Statement of Profit and Loss.

23. Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The CODM who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of the Company.

24. Standard notified but not yet effective:

There are no new standards that are notified but not yet effective up to the date of issuance of the company's financial statement.

n) Sensitivity Analysis: Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. The effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:

Period	31st March 2024	31st March 2023

p) Defined Contribution Plans

A Provident Fund for certain eligible employees is administered by the Company through Employees Provident Fund as per the provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952. The amount contributed is recognized as an expense and included in "Company's contributions to PF & other funds" of Statement of Profit and Loss account is Rs.25.96 lakhs (LY Rs.30.88 lakhs).

Notes:

- The Estimates of future salary increases, considered in actuarial valuation takes account of inflation, seniority, promotion and other relevant factors such as supply and demand in employment market.

NOTE 36 - CAPITAL MANAGEMENT

The Company's objective when managing capital (defined as net debt and equity) are to safeguard the Company's ability to continue as a going concern in order to provide returns to shareholders and benefit for other stakeholders, while protecting and strengthening the balance sheet through the appropriate balance of debt and equity funding. The Company manages its capital structure and makes adjustments to it, in light of changes to economic conditions and strategic objectives of the Company. The Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

NOTE 37

The charge of dues of IDBI Bank now taken over by Stressed Assets Stabilization Fund (SASF) and WBIDCL has not yet been filed in connection with the satisfaction of charge on ROC portal, despite full and final payment made as per the scheme approved by the Hon'ble Calcutta High Court.

NOTE 41 FINANCIAL RISK MANAGEMENT

The Company's business activities are exposed to a variety of risks including liquidity risk, credit risk, and market risk. The Company seeks to minimize the potential adverse effects of these risks by managing them through a structured process of identification, assessment, and prioritization of risks followed by coordinated efforts to monitor, minimize and mitigate the impact of such risks on its financial performance and capital. For this purpose, the Company has laid comprehensive risk assessment and minimization/mitigation procedures, which are reviewed by the Audit Committee and approved by the Board from time to time. These procedures are reviewed to ensure that executive management controls risks by way of a properly defined framework. The Company does not enter into derivative financial instruments for speculative purposes. The following table explains the sources of risk and how the entity manages the risk in its financial statements. The management reviews the status of all principal risks with a significant potential impact. Additionally, the Audit Committee carried out focused risk reviews of its Plant and divisions. These reviews included an analysis of both the principal risks and the controls, monitoring, and assurance processes established to mitigate those risks to acceptable levels. As a result of these reviews, several actions were identified to continue to improve internal controls and the management of risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, financial assets measured at amortized cost.	Aging analysis, Credit analysis	Credit limits and analysis of creditworthiness
Liquidity Risk	Borrowings and other liabilities.	Cash Flow forecasts	Timely evaluation of Credit facilities and regularly payment interest liabilities
Market Risk – foreign exchange	Recognized financial assets and liabilities not denominated in INR	Cash Flow forecasts	Monitoring of currency exchange rate movement.
Market Risk – interest rate	Long Term Borrowings/Liabilities	...	Monitoring of interest rate movements
Market Risk – security prices	Investment in Securities	...	Portfolio Management

a) Credit Risk

Credit Risk is the risk that the counterparty will not meet its obligations under a financial instrument or customer contract leading to financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables and deposits to landlords) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions, and other financial instruments. The company generally doesn't have collateral.

(₹ in Lakhs)

Customer credit risk is managed by business through the company's established policy, procedures, and controls relating to customer credit risk management. The credit quality of each customer is assessed and credit limits are defined in accordance with this assessment. Outstanding customer receivables and security deposits are regularly monitored.

The aging of Trade receivables i.e. receivable which are post due (net of allowances/provisions) are below:		
Age of receivables	31st March 2024	31st March 2023
Less than six months	3141.67	2724.84
More than six months	273.15	466.55

b) Market Risk

Market risk is the risk that the fair value of future cash flow of financial instruments may fluctuate because of changes in market conditions. Market risk broadly comprises three types of risks namely currency risk, interest rate risk, and price risk (for commodities or equity instruments).

- (i) Foreign Exchange Risk - The company operates only in India and has not entered into any foreign exchange or commodity derivative contracts. Accordingly, there is no significant exposure to market risk.
- (ii) Interest Rate Risk –As a majority of the financial assets and liabilities of the Company are fixed interest-bearing instruments, the Company's net exposure to interest risk is negligible.
- (iii) Security Price Risk –. The company's exposure to securities price risk arises from investments held by the company and classified in the balance sheet either as fair value through OCI or fair value through Profit or Loss. To manage the price risk arising from investments, the company diversifies its portfolio. Diversification of a portfolio is done in accordance with the directions of the Board.

c) Liquidity risk

The company's objective is to at all times maintain the optimum level of liquidity to meet its cash and collateral requirement at all times. The current committed lines of credit are sufficient to meet its short to medium-term expansion needs and hence evaluate the concentration of risk with respect to liquidity as low. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The company primarily depends on its own funds and has a low level of borrowing.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
ARCL ORGANICS LIMITED**

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of **ARCL Organics Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the Consolidated Balance Sheet as at 31st March, 2024, the Consolidated Statement of Profit and Loss including other comprehensive Income, the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity and notes to the financial statements for the year ended on that date including a summary of material accounting policies and other explanatory information (herein after referred to as "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matters paragraph, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group as at March 31, 2024, of consolidated profit (including Other Comprehensive Income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

2. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained along with the consideration of audit reports of the other auditors referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Other Information

3. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board Report, Business Responsibility Report, Corporate Governance and Shareholders' Information but does not include the consolidated financial statements and our auditor's report thereon. The aforesaid documents are expected to be made available to us after the date of this auditor's report.
4. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
5. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.
6. When we read the aforesaid documents, if we conclude that there is a material misstatement therein, we are required to communicate the matters to those charged with governance.

Management's Responsibility for the Consolidated Financial Statements

7. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with Rules issued thereunder. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group which are

companies incorporated in India have adequate internal financial controls system in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

12. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
15. Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

Other Matters

16. We did not audit the financial statements of seven subsidiaries included in the consolidated financial statements, whose financial statements reflect total assets of Rs. 1030.933 lakhs as at March 31, 2024, total revenues of Rs. 186.85 lakhs, total net profit/ (Loss) after tax of Rs. 59.83 lakhs, total comprehensive loss of Rs. 59.83 lakhs and cash flows (net) of Rs. (186.16 lakhs) for the year ended on that date as considered in the financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on these consolidated financial statements, in so far as it relates to the amount and disclosures included in respect of these subsidiaries is based solely on the reports of other auditors.

Our opinion on the Consolidated Financial Statements, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

17. As required by Section 143 (3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion proper books of accounts as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant Rules issued thereunder.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2024 taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary companies, none of the directors of the Group's companies is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate report in "Annexure A", which is based on the auditor's report of the parent and its subsidiary companies incorporated in India.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Note 35 to the consolidated financial statements.
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Company has neither proposed any dividend in the previous year or in the current year nor paid any interim dividend during the year.
 - vi. Based on our examination which included test checks, the company and its subsidiaries have used accounting software for maintaining their respective books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

**ANNEXURE- A TO THE INDEPENDENT AUDITOR'S REPORT
To the members of ARCL ORGANICS LIMITED**

[Referred to in paragraph 17(f) of the Auditors' Report of even date]

Report on the Internal Financial Control under Clause (i) of Sub –section 3 of Section 143 of the Companies Act, 2013("the Act")

1. We have audited the internal financial controls over financial reporting of **ARCL ORGANICS LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which are companies incorporated in India as of 31st March, 2024 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the of the Holding Company and its subsidiary companies, are responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiaries which are companies incorporated in India based on our audit. We conducted our audit in accordance with the "Guidance Note" and the Standard on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedure selected depends on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statement, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting the Company and its subsidiary companies.

Meaning of Internal Financial Control over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statement for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that
 - 1) pertain to the maintenance of the records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - 2) provide reasonable assurance that the transactions are recorded as necessary to permit preparation of financial statement in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorization of management and directors of company; and
 - 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statement.

Inherent Limitations of Internal Financial Control over Financial Reporting

7. Because of inherent limitation of internal financial control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to errors or fraud may occur and not be detected. Also, projections of any evaluations of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the other auditors referred to in the Other Matters paragraph below, the Holding Company and its subsidiary companies have, in all material respect, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting, issued by ICAI.

Other Matters

9. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to seven subsidiary company is based solely on the corresponding reports of the auditors of such companies.

B. Material accounting policies

The significant accounting policies applied by the group in the preparation of its consolidated financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these consolidated financial statements unless otherwise indicated.

1. Basis of accounting and preparation of financial statements

The consolidated financial statements of the Group have been prepared in accordance with the Indian Accounting Standard (Ind AS), as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the act.

The financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair value by Ind AS. Fair Value is the price that would be received to sell an asset or paid to transfer of liabilities in an orderly transaction between market participants at the measurement date.

Accounting policies are consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto in use.

The Ind AS financial statements are presented in INR which is the Company's functional and presentation currency and all values are rounded to the nearest lakhs, except when otherwise indicated. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

2. Principles of Consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 31st March 2024.

Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date the control ceases. The acquisition method of accounting is used to account for business combination by the Group. The Group combines the separate financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, Contingent liability, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary and practicable to ensure consistency with the policies adopted by the Group. Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet, respectively.

The financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's separate financial statements in preparing the financial statements to ensure conformity with the Group's accounting policies, wherever necessary and practicable.

Notes to the financial statements represent notes involving items which are considered material and are accordingly disclosed. Materiality for the purpose is assessed in relation to the information contained in the financial statements. Further, additional statutory information disclosed in separate financial statements of the subsidiary and/or a parent having no bearing on the true and fair view of the financial statements has not been disclosed in these financial statements.

3. Use of estimates

The preparation of the Financial Statements in conformity with IND AS requires the management to make estimates, judgments and assumptions. These estimates, judgment and assumptions affect the application of accounting policies and the reported amount of Assets and Liabilities and disclosure of contingent Liabilities on the date of the Financial Statements and reported amounts of revenues and expenses for the year.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of impairment of investments, useful lives of property, plant and equipment, valuation of deferred tax assets, provisions and contingent liabilities and fair value measurement of financial instruments have been discussed below. Key source of estimation of uncertainty in respect of revenue recognition and employee benefits have been discussed in their respective policies.

Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Valuation of deferred tax assets

The Company reviews the carrying amount of deferred tax assets at the end of each year.

4. Current and Non-current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

5. Property, Plant and Equipment (PPE)

Property, plant and equipment are carried at the cost of acquisition or construction less accumulated depreciation. Costs directly attributable to acquisition are capitalized until the property, plant and equipment are ready for use, as intended by management.

Freehold land is carried at its historical cost. Historical cost includes expenditure that is directly attributable to the acquisition of items.

Any subsequent costs are included in the assets carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are recognized in profit or loss as incurred.

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the assets ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the assets is ready for its intended use.

6. Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013. The assets residual values, useful life and method of depreciation are reviewed and adjusted if appropriate, at the end of each reporting period.

7. Impairment of Non-Financial Assets

The management periodically assesses using external and internal sources, whether there is an indication that both tangible and intangible asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized.

8. Investment in subsidiaries, associates and joint ventures

Investments in subsidiaries are accounted at cost in the standalone financial statements and the same has been knocked off in the consolidated financial statements.

9. Cash and Bank Balances

Cash and bank balances consist of:

(i) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprises of cash in hand and at bank, bank deposits and also short term deposits with an original maturity of three months or less, which is subject to an insignificant risk of change in value. These balances with banks are unrestricted for withdrawal and usage.

(ii) Other bank balances

These include balances and deposits with banks that are restricted for withdrawal and usage.

10. Inventories

Inventories are valued at cost or net realizable value, whichever is lower. Cost of inventories includes all the cost that are incurred in bringing the inventories to their present condition and location. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated cost necessary to make the sale.

11. Financial Instruments

Financial Asset Initial Recognition

Financial assets and financial liabilities are recognized in the company's statement of financial position when the company becomes a party to the contractual provisions of the instrument. The company determines the classification of its financial assets and liabilities at initial recognition.

Subsequent Measurement

The Subsequent measurement of financial assets depends on their classification which is as follows:

Financial Asset at Fair value through Profit or Loss

Financial assets at fair value through profit and loss include financial assets held for sale in the near term and those designated upon initial recognition at fair value through profit or loss.

Financial Asset measured at Amortized Cost

Loans, receivables and cash are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Trade receivables do not carry any interest and are stated at their nominal value as reduced by appropriate allowance for estimated irrecoverable amounts based on the ageing of the receivables balance and historical experience. Individual trade receivables are written off when management deems them not to be collectible.

Financial Asset at Fair value through OCI

All equity investments, except investments in subsidiaries falling within the scope of Ind AS 109, are measured at fair value through Other Comprehensive Income (OCI). If the company decides to designate an equity instrument at fair value through OCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI.

Financial Asset Derecognition

The company derecognizes a financial asset when the contractual rights to the cash flows from the assets expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. Upon derecognition of equity instruments designated at fair value through OCI, the associated fair value changes of that equity instrument is transferred from OCI to Retained Earnings.

Financial Liabilities – Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at amortized cost, loans and borrowings, or as payables, as appropriate.

Subsequent Measurement

The Subsequent measurement of financial liabilities depends on their classification which is as follows:

Interest bearing borrowings, trade payables and other payables issued by the company are subsequently measured at amortized cost.

Measurement of Fair Values

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

Trade Payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. These amounts are secured and unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. Also, the segregation has been made for the micro, small and medium enterprises creditors.

Fair Values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or liability, the company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into a different level of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

12. Borrowings

Borrowings are recognized at fair value. They are classified as current liabilities unless the Group has the right to defer the settlement of the liability for at least 12 months after the reporting period. Borrowings are removed from the balance sheet when the obligations is discharged, cancelled or expired.

13. Provisions and Contingent Liabilities

The Group recognizes a provision when there is a present obligation as a result of past event that probably requires an out flow of resources and a reliable estimate can be made of the amount of obligation. A disclosure for a Contingent Liability is made when there is a possible obligation from a past event but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company

14. Revenue Recognition

In accordance with Ind AS 115 “Revenue from Contracts with customers”, Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

(i) Sale of Goods

Revenue from the sale of goods is recognized when the Group satisfies the performance obligation in accordance with the provisions of contract with customer. This is achieved when control of the product has been transferred to the customer, which is generally determined when title, ownership, risk of obsolesce and loss pass to the customer and Group has present right to payment. The Group collects goods and services tax (GST) on behalf of the government and, therefore, these are not economic benefits flowing to the Group. Hence, they are excluded from revenue.

(ii) Interest Income

Interest Income is recognized based on time proportion basis considering the amount outstanding and the rate applicable. Interest Income is included in the Other Income in the consolidated statement of Profit and Loss.

15. Income Tax

(i) Current Income Tax

Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

(ii) Deferred Tax

Deferred tax is provided using the balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amount for the financial reporting purposes at the reporting date. Deferred Tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized. Current and deferred tax is recognized in the statement of Profit and Loss, except to the extent that it relates to the items recognized in the other comprehensive income or directly in equity.

16. Employee benefits

The present value of the defined benefit obligations depends on a number of factors that are determined on an actuarial basis using a number of assumptions

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees services upto the end of reporting and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Long term obligations

The liabilities for earned leave and sick leave that are not expected to be settled wholly within 12 months are measured at the present value of expected future payments to be made in respect of services made by employees upto the end of the reporting period. The benefits are discounted using the government securities at the end of reporting period.

(iii) Post employment obligations - Gratuity

The liability or asset recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets. The present value of the obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have the term approximating to the terms of the related obligations.

17. Earnings per Share

Basic earnings per share are computed by dividing the profit for the year attributable to the equity shareholders for the year by the weighted average number of shares outstanding during the year.

18. Cash Flow

The investing and financing activities in cash flow statement do not have a direct impact on current cash flows although they do affect the capital and asset structure of an entity. The company has disclosed these transactions, to the extent, material in notes to cash flow statement.

19. Segment Reporting

The Company has identified that its operating activity is a single primary business segment. Accordingly, whole of India has been considered as one geographical segment. Hence, segment reporting is not applicable.

20. Foreign Currencies

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates (i.e. INR) at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Foreign exchange gains and losses resulting from the settlement of transactions in foreign currencies and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in Statement of Profit and Loss.

21. Research and Development

Research and Development expenditures of revenue nature are charged to Profit & Loss Account, while capital expenditure is added to the cost of fixed assets in the year in which these are incurred.

22. Lease

a. Where the Company is the lessee

The company recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate.

Generally, the company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

Fixed payments, including in-substance fixed payments;

Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

Amounts expected to be payable under a residual value guarantee; and

The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

Short-term leases and leases of low-value assets

The company has elected not to recognize right-of-use assets and lease liabilities for short-term leases of real estate properties that have a lease term of 12 months. The company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

b. Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognized as an expense in the statement of Profit & Loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of Profit & Loss.

Assets given under a finance lease are recognized as a receivable at an amount equal to the net investment in the lease. Lease income is recognized over the period of the lease so as to yield a constant rate of return on the net investment in the lease. Initial direct costs relating to assets given on finance leases are charged to the Statement of Profit and Loss.

23. Operating Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (CODM). The CODM who is responsible for allocating resources and assessing the performance of the operating segments has been identified as the Board of Directors of the Company.

24. Standard notified but not yet effective:

There are no new standards that are notified but not yet effective up to the date of issuance of the company's financial statement.

n) **Sensitivity Analysis: Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:**

Period	31st March 2024	31st March 2023

NOTE 36 CAPITAL MANAGEMENT

The Company's objective when managing capital (defined as net debt and equity) are to safeguard the Company's ability to continue as a going concern in order to provide returns to shareholders and benefit for other stakeholders, while protecting and strengthening the balance sheet through the appropriate balance of debt and equity funding. The Company manages its capital structure and makes adjustments to it, in light of changes to economic conditions and strategic objectives of the Company. The Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

NOTE 41 FINANCIAL RISK MANAGEMENT

The Company's business activities are exposed to a variety of risks including liquidity risk, credit risk, and market risk. The Company seeks to minimize the potential adverse effects of these risks by managing them through a structured process of identification, assessment, and prioritization of risks followed by coordinated efforts to monitor, minimize and mitigate the impact of such risks on its financial performance and capital. For this purpose, the Company has laid comprehensive risk assessment and minimization/mitigation procedures, which are reviewed by the Audit Committee and approved by the Board from time to time. These procedures are reviewed to ensure that executive management controls risks by way of a properly defined framework. The Company does not enter into derivative financial instruments for speculative purposes. The following table explains the sources of risk and how the entity manages the risk in its financial statements. The management reviews the status of all principal risks with a significant potential impact. Additionally, the Audit Committee carried out focused risk reviews of its Plant and divisions. These reviews included an analysis of both the principal risks and the controls, monitoring, and assurance processes established to mitigate those risks to acceptable levels. As a result of these reviews, several actions were identified to continue to improve internal controls and the management of risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables, financial assets measured at amortized cost.	Aging analysis, Credit analysis	Credit limits and analysis of creditworthiness
Liquidity Risk	Borrowings and other liabilities.	Cash Flow forecasts	Timely evaluation of Credit facilities and regularly payment interest liabilities
Market Risk – foreign exchange	Recognized financial assets and liabilities not denominated in INR	Cash Flow forecasts	Monitoring of currency exchange rate movement.
Market Risk – interest rate	Long Term Borrowings/Liabilities	...	Monitoring of interest rate movements
Market Risk – security prices	Investment in Securities	...	Portfolio Management

a) Credit Risk

Credit Risk is the risk that the counterparty will not meet its obligations under a financial instrument or customer contract leading to financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables and deposits to landlords) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions, and other financial instruments. The company generally doesn't have collateral

(₹ in Lakhs)

Customer credit risk is managed by business through the company's established policy, procedures, and controls relating to customer credit risk management. The credit quality of each customer is assessed, and credit limits are defined in accordance with this assessment. Outstanding customer receivables and security deposits are regularly monitored.

The aging of Trade receivables i.e. receivable which are post due (net of allowances/provisions) are below:

Age of receivables	31st March 2024	31st March 2023
Less than six months	3156.59	2735.63
More than six months	273.15	466.55

b) Liquidity Risk

The company's objective is to at all times maintain the optimum level of liquidity to meet its cash and collateral requirement at all times. The current committed lines of credit are sufficient to meet its short to medium-term expansion needs and hence evaluate the concentration of risk with respect to liquidity as low. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities. The company primarily depends on its own funds and has a low level of borrowing.

c) Market Risk

Market risk is the risk that the fair value of future cash flow of financial instruments may fluctuate because of changes in market conditions. Market risk broadly comprises three types of risks namely currency risk, interest rate risk, and price risk (for commodities or equity instruments).

(i) Foreign Exchange Risk - The company operates only in India and has not entered into any foreign exchange or commodity derivative contracts. Accordingly, there is no significant exposure to market risk.

(ii) Interest Rate Risk - As a majority of the financial assets and liabilities of the Company are fixed interest-bearing instruments, the Company's net exposure to interest risk is negligible.

(iii) Security Price Risk - The company's exposure to securities price risk arises from investments held by the company and classified in the balance sheet either as fair value through OCI or fair value through Profit or Loss. To manage the price risk arising from investments, the company diversifies its portfolio. The diversification of a portfolio is done in accordance with the directions of the Board.

NOTE 42

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:
